Advances in

Pulmonary Hypertension

OCTOBER 1, 2010

The Sutton Place Hotel

955 Bay Street, Toronto, Canada

Sponsored by

the Department of Surgery, Faculty of Medicine, University of Toronto

TARGET AUDIENCE

Practitioners interested in learning more about advances in the understanding of the pathophysiology and treatment of patients with pulmonary hypertension.

- Cardiologists
- Respirologists
- Thoracic Surgeons
- Rheumatologists
- Internists

GOALS

- Learn to evaluate pulmonary hypertension in the older patient.
- Review the current approach for the assessment of pulmonary hypertension.
- Update knowledge in the potential role of radiology for pulmonary hypertension.
- Describe recent advances in the medical management of pulmonary hypertension.
- Determine the current surgical options for pulmonary hypertension.

OBJECTIVES

Participants will be able to:

- Explain the role of radiology in the evaluation of pulmonary hypertension.
- Integrate an understanding of physiological concepts into the management of patients with pulmonary hypertension.
- Evaluate the surgical options for pulmonary hypertension.

REGISTRATION
